Investor Fact Sheet, Q3 2020

About Timbercreek Financial

Timbercreek Financial is a leading non-bank lender providing shorter-duration, structured financing solutions to commercial real estate investors. Our sophisticated, service-oriented approach allows us to meet the needs of borrowers, including faster execution and more flexible terms that are not typically provided by Canadian financial institutions. Our borrowers are willing to accept higher rates and fees for this customization as it provides them with the ability to execute on investment opportunities.

Strategic Priorities

Preserve investor capital and provide strong risk-adjusted returns to investors by:

- lending primarily against income-producing commercial real estate
- mitigating concentration risk by diversifying geographically, by asset type and borrower
- maintaining conservative loan-to-value ratios
- passing all lender fees through to investors

Our Business: Real Estate Lending

- We provide customized, short-term financing solutions to qualified real estate investors who typically use these loans for a period of one to five years for:
 - capital improvements/redevelopment of a property
 - the purchase of another property
- Loans are typically repaid using:
 - conventional mortgage funding from a financial institution or proceeds from the sale of the property
- Canadian financial institutions not focused on smaller, shorter-term commercial mortgages and normally can't provide the customization
- Borrowers are willing to accept higher rates and fees for this customization as it provides them with:
 - the ability to execute quickly on real estate investment opportunities,
 - early repayment privileges,
 - structured solutions including the option to use multiple properties as security and
 - potentially lower monthly payments
